LOCAL NEWS.

DROWNED.-The body of Edward P. Williams, a plate printer in the Treasury Department, was found floating in the steamboat dock at Washington yesterday afternoon. On Tuesday night a party of the Washington Yacht Club assembled on board their boat, the Eila Treadwell, which is anchord off the Eleventhstreet wharf, for the purpose of enjoying a social chat. Some of the party expressed a wish to go on shore, when the small boat was got in readiness, and Mr. Wilhams rowed them to the wharf. After landing he returned to the yacht. when another party requested to be put on terra firma, but not being quite ready Mr. Williams commenced bailing out some water from the bottom of the boat, while the party on the deck of the Tredwell re-entered the cabin. When they again emerged from there the boat and man were nowhere to be seen, but this did not excite any alarm, as they thought Williams had become tired of waiting, rowed himself on shore, and gone home, and it was not until his prolonged absence from his office became known that any anxiety was felt about him. It is supposed that while in the act of bailing, the water being very rough at the time, he must have lost his balance and fallen overboard, and not being able to swim was

COLORED STRIKERS:-Last Tuesday afternoon the colored men employed at the brick yards near the Arsenal, in Washington, some of whom are from this city, decided to strike for higher wages. The bosses did not appear annoyed by their action, and immediately em-ployed a new set of hands to go to work yesterday morning. The strikers, as is their custom, not being disposed to work themselves, determined to unite and, if possible, prevent the new hands from starting in. Accordingly they assembled in large numbers, and by their threats intimidated the new hands from commencing work. Information of the fact was sent to police headquarters, and a squad of policemen were sent to the scene to preserve order. The crowd increased in numbers, and commenced to use threatening words, when the police were ordered to disperse them, which resulted in the new set of hands joining the strikers, and all left the ground together. Considerable excitement was created in the neighborhood among the colored hands.

POLICE REPORT. -The following cases have been reported at police headquarters since yes-

John Carter, colored, for disorderly conduct, was dismissed with a reprimand; Sextus Wright, colored, for disorderly conduct at the Fayette-street depot, and James Lucas, for disorderly conduct at Fishtown, were fined and discharged; Thomas Thompson, a stranger, for disorderly conduct on the streets and at the station house, was ordered to leave the city forthwith, which order he obeyed to the letter; W. J. Shiner, for selling gas burners without a license, was fined and discharged; and Jenny Sutton and Mary Francis Springsteel, for disorderly conduct at Fishtown, were fined and discharged.

Four lodgers only applied for and were accommodated with sleeping quarters at the station house last night.

GYPSIES.-The gypsies who were lately encamped on Cameron Run are now near Mount Olivet, a short distance outside of Washington, on the Bladensburg road. A difficulty between one of the band camed Hamson and his wife, during which neither one was hurt, was the cause yesterday of a report of murder, and of a visit of the police to their camp ground. It is said that when they left here last Sunday they carried away with them a considerable quantity of jeweiry and money which they had obtained from those whose fortunes they had

THE WEATHER .- The "cold snap" still continues and the gardeners, truckers, and fruit growers look as blue as the prevailing frosty mornings. Mr. Slater, who supplies this and the Washington city market with the earliest fruits and vegetables raised in this section, says that all the early vegetables and most of the fruit, including the peaches, have been killed. and reports from along the river are to the effeet that the tobacco plants have been destroyed and that the planters are enquiring for seed for another planting.

ENGLISH OPERA. - The National Theatre in Washington was densely packed last night by listeners to the opera of The Talisman. Among the audience were a few from this city, some of whom, who had waited until that time to purchase tickets, had their whole evening's enjoyment marred by a diminution in their personal estate to the extent of \$4 50, which sum was exacted of them for each of the seats they occupied.

POTOMAC BUOYS. - The repairs to the buoys in the Potomac river, which are usually made directly after the resumption of navigation in the spring, have not been commenced yet, and as a consequence four vessels are reported aground in the marine news in to-day's Gazette. Some of the buoys were carried away by the ice last winter, the position of others chaeged by the same cause, and all that are visible require painting.

REPOREED DEATH .-- It is reported here, though no authoritative information to that effeet has been received at St. Mary's Church. that Rev. Bernard Toale, formerly stationed here, but transferred to St. Inegoes, St. Mary's county, Maryland, died at that place on Mouday last, after a protracted illness.

RADICAL NOMINATIONS. - The Radicals of Providence township, Fairfax county, have made the following nominations: Supervisor, Franklin Sherman; Constable, W. B. Lewis; Justices, B. Canfield, A. Freeman and Wm. B. Dodge, and Overseer of Poor, A Freeman.

INVESTIGATING COMMITTEE. - The special committee of the City Council, appointed to investigate the charges of inefficiency against Unv Surveyor, T. N. Carter, met again last night, but adjourned till a future day after bearing the evidence of Mr. B. F. Price.

CLOSING HOUR. - An effort is being made by all the clerks in, and some of the proprietors of the grocery stores to have the closing hour of those stores fixed during the remaining portion of the spring, and the coming summer at seven o'clock.

PERSONAL -Mr. B. F. Price left here this morning on a short visit to his son in Chicago. Mr. R. T. Lucas left here this afternoon for Del Norte, Colorado, is which place he intends to make his future home.

Murder.

MILLVILLE, N. J., April 22.-An unknown man, apparently a German, was found in a dying condition last evening on the line of the West Jersey railroad, about a mile north of this place. He expired soon after being discovered. There is no clue to the perpetrator of what has evidently been a murder.

MILLVILLE, N. J., April 22.—Two gentlemen walking from Vineland here, last evening,

discovered a man lying alongside the track of the West Jersey railroad with his head and face covered with blood. They raised the wounded man, but were unable to get an intelligent reply. The wounded man was put upon a train but died before reaching the depot. An examination of the spot disclosed a club with bloody marks. Later in the evening a German was arrested on suspiciou, but he managed to escape from the lock up during the night. The town was aroused and a search instituted and a suspected party captured and lodged in jail at Bridgeton. The murdered man was evidently a German.

MILLVILLE, N. J., April 22.—The murdered man is supposed to be named Jos. Abert, 50 years old, and from Buchon Wortumberg. The supposed murderer gives the name of Francis Schwartz, and had in his possession a valise containing articles supposed to have been stolen from his victim. He was brought here from Bridgeton, and an inquest will be beld over the deceased this p. m.

The Tilton-Beecher Suit.

NEW YORK, April 22. - There was a marked decrease in the number of spectators this morning, in the Brooklyn City Court room and the Plymouth circle was contracted to its usual size before the appearance of Mr. Beecher on the witness stand. There was a failing off also in applications for admission to the room and the carridors were much less througed. The defendant came in with his wife and a number of his faithful adherents and was followed in a short time by the plaintiff and Moulton. When to nominate county officers. the court was opened the first witness was 11. O. Armour who testified.

The Louisiana Case.

NEW YORK, April 22 .- A dispatch to the Sun from Washington says the Supreme Court will adjourn on the third of May. Although there has been no formal conference as to the vote on the Louisiana case, which involves the constitutionality of the enforcement acts, there is good reason to believe that this tril unal, by a most decided majority, will sustain the decision of Justice Bradley in the court below, and declare all this legislation to be void and without any constitutional warrant. The opinion will be reserved until the meeting of the court uext fall.

Steamer Wreeked.

SAN FRANCISCO, April 21.-The steamer Ventura, hence to ports on the coast of Southern California, was wrecked last night at Point Sur, twenty-five miles below Monterey. The the store, the attractions within being the vessel is on rocks and will be a total loss. The goods, Mr. L. D. Harrison, the auctioneer, and passengers were all saved. Her cargo will be last, but not least, the popular and agreeable saved if the weather holds good. The Ventura proprietor. The store has been arranged to is a wooden screw steamer of about 800 tons.

Nothing definite has been heard from the burning steamer seen off Santa Barbara. A story of the building. schooner has gone to her relief.

Steamer Sunk.

NEW YORK, April 22.-This a. m. the steamer Stonington of the Boston line, filled with water and sunk at the foot of 9th street, East River, where she has been moored for about two weeks undergoing repairs. There were forty men employed on her at the time, but all succeeded in making their escape. Joiners had cut her down to within about three feet of the water line, and she was struck by a heavy swell, and filling with water sunk in five minutes.

Underwriters.

NEW YORK, April 22. - The ninth annual convention of the National Board of Fire Underwriters commenced to-day, Henry A. Oakey presiding. Fifty companies were represented. The treasurer's report was read, showing the receipts from all sources to be 100,004 dollars: expenditures 102,191 dollars; leaving a balance of 2,187 dollars due by the Board. President Oakley then delivered his annual address.

Moody and Sankey.

LONDON, April 22 .- A hearing was to have been had to-day in the case of bill, filed by a seat owner in Her Majesty's Opera House to restrain Messrs. Moody and Sankey from using that building for their revival services, but was postponed till the 30th inst.

GRAND WEDDING. - The largest and perhaps grandest wedding in New York for years was celebrated on Tuesday afternoon at Calvary Church. The bride was Miss Alize, daughter of Murray H. Smith, and the bridegroom Wm. H. Vanderbilt, jr., son of W. H. Vanderbilt and grandson of Commodore Vander bilt. The wedding was tollowed by a reception at the residence of the bride's father, in which over two thousand participated. The house was thrown open from basement to roof, profusely decorated with flowers and brilliantly illuminated. The parlors were a bower of roses, the bridegroom reclining under a canopy of flowers. The wedding gitts were valued at over \$500,000.

LOCAL BREVATILS.

Yesterday afternoon Miss Anna Lighter, daughter of Jao. T. Lighter, esq., a well-known real estate agent, of Washington, was terribly if not fatally burned by her clothing taking fire from a stove where she was engaged. She first noticed her apron on fire, and turning around to take it off her dress caught fire. She ran into a bedroom and tried to smother the flames by to [ap 7-1m] ISAAC EICHBERG. by covering herself up in it, but finding this unsuccessful, ran out of the house towards Connolly's hiring stable, opposite, where a colored man threw a buffalo robe over her and extinguished the flames. Her face, breast and arms were badly burned; besides it is thought her lungs are injured by inhaling the flames.

James Smith, colored, who assaulted J. H Lusby on the Leesburg pike, a day or two ago, after being fined \$5 and costs by Justice Brown remarked that he would never again motest a white man-a wise determination, and, it is to be hoped, one that will be kept.

Messrs. Andrew Carlin and William Baily, are making arrangements for digging gold, from the hills near Carlin's Springs, in which the precious metal is said to exist in quantities sufficient to make a handsome profit upon the expeuse of mining it.

Justice T. P. Brewn of Fairfax county, who was elected a member of the Falls Church Dis trict Republican Committee, declines the position, deeming it inproper for a magistrate to be an active political partisan.

Last season, owing to the lateness at which we commenced importing, we were forced to put our Guano on the market at once, but now having continued our importations during the summer and fall, and having large and well ventilated Warehouses in Petersburg and City Point, we are enabled to put our Guano on the market in a condition, as to dryness and freedom from lumps, equal to any manufactured Fertilizer.

We solicit a careful perusal of our Circular, containing the certificates sent us, and which can be had on application at this OFFICE, or from any of our AGENTS. Having nothing to conceal, we made an innovation on established usage, by publishing those letters received unfavorable to our Guano; but careful inquiry in many cases proves that the cause of its failure was not owing to any fault in the Guano, but to those far beyond our control. We have frequently heard the same complaints of its kindred Fertilizer, Peruvian Guano, but the concurrent testimony of well known Farmers and Planters from Maryland to the extreme Western counties of North Carolina, justify us in claiming a place for our Fertilizer Superior to many, and Second to None.
